

If I Were A King

Long, long, long ago,
Way back in time,
Life wasn't kind.
Just, just close your eyes,
We'll take you there,
We'll take you there

Kings and Queens,
Rise and fall,
Rulers that have changed us all!

If, I were a king,
Just for one day,
Then tell me -
What would I change?
If, I had the power,
Just for one hour,
Then tell me -
What kind of king would I be?
What kind of king would I be?

Lost, riding through time,
Spinning so fast,
Everything blurs.

Ghosts, ghosts gliding by,
Open my mind,
Memories stir,

Journey's end,
Waits in sight,
Reaching for the fading light.

If, I were a king,
Just for one day,
Then tell me -
What would I change?
If, I had the power,
Just for one hour,
Then tell me -
What kind of king would I be?

If, I were a king,
Just for one day,
Then tell me -
What would I change?
If, I had the power,
Just for one hour,
Then tell me -
What kind of king would I be?
What kind of king would I be?
